Cheap & Convenient Building Factor

Door, Sash and Blind

A. DUNN.

HAS been very successful in several contracts for Door Window Frames and Sashes, and dwelling-houses and other buildings in this city, the coming season, and has sent workmen in his employ, with a full stock, so that he is now able to contract to build the best article of Door Frames, Window Frames, Sashes, and Blinds, of any dimensions and of superior quality. The whole building or for a less quantity, and at less expense of building as we are now having these articles made so that carpenters have only to put them in their place in the structure.

This business has now been so well established that only a small margin is required over the cost of a dwelling, to insure work of a uniform excellence.

Any one interested can examine the work at the factory, near the Railroad, at the store of M S. Jackson, Esq., and at either place any article will be furnished in large quantities ordered.

Mr. Dunbar is also prepared to furnish Window Blinds ready painted, and will supply them at the shortest notice.

By long experience, and by the determined purpose, the subscriber is now enabled to put his customers, both in quality and price, on the best footing, and is prepared in the business that he has made a world over, think of building in the old and slow and imperfect methods.

Sewing Machines, To Clothiers, Tailors, &c.

NOW IS THE TIME, during the dull season, before the hurry of business, to introduce the Sewing Machines. An investment of $125 in a Sewing Machine will prove a more clear profit than much larger sum invested in any other way. Having settled all suits against our Machines, there is not a shadow of claim against them. The Excelsior Manufacturing Co. are infringing on our patent, we have prosecuted in the United States Court, having jury trials in separate Counties, and we have come out triumphantly. Next the Wheeler & Wilson, and the Grover & Baker, are expected to come off this month. We therefore caution the public not to purchase or use any of the infringing Machines for they do so at the peril of being sued to escape litigation, for we shall claim our rights.

I. M. SINGER & CO.

Sewing Machines.

The great and peculiar advantage of *Singer's Sewing Machines* is this:

One Machine will perform every kind of work perfectly by simply changing the Needle and Thread; the machines are simple in their operation, strong, durable, and not liable to get out of order

All who wish to purchase, and the public in general, are invited to call at No 41 Broad street, Bangor E. W. HANSON, Agent.

Wilbor's Compound of Pure Cod Liver Oil and Lime,

A CURE FOR CONSUMPTION, COUGHS, COLDS, ASTHMA BRONCHITIS, GENERAL DEBILITY, AND ALL SCROFULOUS HUMORS

TESTIMONIAL.

Dear Sir—I have found in the course of a long and extensive practice, that the seeds of Consumption are to be found as arising from a few individuals, but that any serious draft upon the physical powers suffered at that period, which indicates disease. Thus in fever, in severe colds, in rheumatic affections, those great chambers of the human frame, the lungs, being perhaps the first organization, are the most frequently affected, and the last lung, is generally the point of disease. I contemplate existence of such an affection, when the first symptoms of the passages are given, a free circulation in the air is necessary to pass each cell of the chest While the natural lungs remain sound, it is impossible to contract the disease known as consumption

In a recent long practice, I had found Cod Liver Oil an agent and I chanced to see your notice of the same, and known as Cod Liver Oil and Lime, I immediately realized the propriety of your combination, and having used it in my own person, and in my family for years as an experimental chemist, and in the medical properties of the latter, which are opposed to acidity, and healing, two imminently important ingredients in the treatment of Consumption

I accordingly procured your remedy, and in five months of constant use, have found the result most unexpected. I have expended almost without exception cases upon your *Cod Liver Oil* and Lime, I believe the medical profession to be a standing and that the time is fast approaching when the question of the deceased cells of the lungs can be cured from various causes. Whenever, I have a case of consumption to attend to myself, I shall not only answer the immediate want of the physician, but also as a permanently strengthening the rest of the system, and invigorating the vital powers, which is the means of sustaining the body as long as it is effected.

Having confidence in your remedy, I have tested these facts in my entire extensive practice, I do not hesitate to say to all consumptives—Try *Wilbor's Cod Liver Oil and Lime.*

Western Land Agency.

Persons designing to remove West, or interest in Western Real Estate, are invited to call at the office of the subscriber, where they will be able to gain definite information relative to the Western country, and post themselves up before starting. This will save both time and money.

Maps of the Western States, showing the lands offered for sale by large land companies, and parts of a large share of the lands offered for sale throughout the Western Prairie States, surveyed and platted with full descriptions, prices, and terms of payment Specimens of the

SOIL, CEREAL PRODUCTIONS, COAL, and other minerals from many different localities, may also be seen, and thus the emigrant by a little pains may gain much valuable information from the mass of collected matter.

From a knowledge of the West, gained by five years' residence and close observation the subscriber feels confident of being able to give much judicious advice, and will be happy to do so to parties interested in introduction to correspondents in all parts of the West.—Maps of Illinois, showing the *Lands of the Illinois Central Railroad Company,* and descriptions and full particulars relating thereto

To Colonies very favorable inducements will be held out by large land interests, the full particulars of which may be learned from the subscriber, and negotiations entered into.

The extensive connection with Western land agencies enables the subscriber to place great facilities for purchasing on the most favorable terms. Persons having property in the West can gain reliable information with regard to it, titles investigated taxes paid, and sales effected on application

Government Lands located, on loans, or commission All letters of enquiry, on business post paid, fully and promptly answered. This is the only office in the Eastern States where information can be obtained in relation to the Western country

TO FARMERS. Muriate of Lime!

The high price of the special manure Guano, &c., first led to the composition of a fertilizer which should combine all their good qualities, but whose price should place it within the reach of the poorest of the cultivators of the soil. The increased demand of last season, together with the voluntary testimony of many who have fully proved its efficacy, leads the manufacturer to believe that the object has been obtained in the Muriate of Lime, and has induced him to extend the facilities for its manufacture It has been tried upon almost every variety of soil, but is especially adapted to Cereal Plants, Grass, Corn, Wheat, &c.

A pamphlet, with testimonials will be forwarded to any address, and all orders by mail, accompanied by the cash, punctually attended to It is sold at the following fixed prices—For less than 10 Bbls. $1 10 per Bbl, over 10 Bbls. $1 00, or in Bags of 150 lbs. at $1 75 per bag, delivered at any depot or wharf in Boston or Charlestown

BALTIMORE, Jan 8, 1856

Messrs C & J Marshall, Newportown At the request of your Agent in Baltimore, in regard to our opinion and experience of your copper coated spikes, we, without hesitation, say we believe them the best substitute for copper yet introduced, and better fastening for ships, inasmuch as you have the strength of iron with the preservative qualities of copper.

We have used some of your Spikes in old vessels as a substitute for copper and have had occasion to draw them out a year afterwards, and found them with the coating as firm as when they were driven, and with no appearance of oxidation.

Very respectfully yours, (Signed) JOHN D FARDY & BRO

THE BARK SARAH PARK. We have been permitted to take the following extract of a private letter to one of the owners of the above named bark, in this city:

BARK SARAH PARK, April 16, 1856.

"After a long and tempestuous passage, during which I have felt greater anxiety, and experienced more *frightful* gales of wind than ever before in my sea life, we came to anchor yesterday morning at the breakwater at Cape Henlopen.

We left Liverpool on the 22d of January, with a fine easterly wind; at 12 o'clock that night we took the wind from the westward, and for four days we were knocking about in St. George's Channel under double and close reefed topsails, during which we split our fore topsail and jib. After we got out of the Channel we took a breeze from SE which lasted three days and brought us about up to the lon. of 30°, where we took a tremendous gale of wind from WNW, during which the barometer fell below 28°, and from that time, Feby. 22, to the 31st of March, we had nothing but a succession of gales of wind from WSW to WNW, with the exception of two short calms from SSE, which brought us to close reefed topsails in three hours after we took them. During the months of February and March we were lying to under close reefed main topsail, with westerly winds more than half of the time.

On the 1st of March, in lat. 42° N, lon. 43° W, while running to the Westward under close reefed topsails and reefed foresail, with the wind from SSE, we were suddenly caught aback at 7 P. M., by a most terrific squall from NW, which carried away our main yard, and blew away our topsails and courses, and since that time we have had but one topsail to bend, and that was an old one, which we have sent down for repairs six times during the passage.

Since we left Liverpool, we have spar and repaired every sail on board, and some of them several times. What made our case still worse was, I found soon after we left Liverpool, that in caulking the vessel's bottom for coppering they left a hole somewhere, which caused a leak of about 300 strokes per hour, which made it necessary to give the pumps constant attention. If the "Sarah Park" had not been a strong vessel, with the cargo she had on board, and the gales of wind she has encountered, she must have gone down with all on board.

I thought when we left Liverpool that I had a good supply of provisions on board, but my crew were blessed with appetites that would have qualified them well to have officiated as colleagues to that beast spoken of in Daniel, that was commanded to "arise and devour much flesh." So I found when we had been out about 60 days, and had made but little more than half our passage, that it was necessary to put the ship's company on short allowance, which I did for 15 days, when we spoke ship "Helen A. Miller" from Baltimore for Havre, which supplied us with provisions."

DANIEL AYER.—Seven years ago, Daniel Ayer, the great land speculator of Lowell, having failed some time previously, called his creditors together and paid them every cent of their claims, from which the law had released him. Business again smiled on Mr. Ayer, and he was again accumulating a fortune, when, about a year ago he a second time became embarrassed, his notes being endorsed by friends for $30,000, and he owning other debts to the amount of $50,000. Some of his creditors sued him, but others lent him $30,000 with which to begin anew. Mr. Ayer now announces that he has again paid up all his debts. The means for paying $80,000 were realized in one year by land speculations alone!

SALE OF A TOWN ON EXECUTION. The town of Frankfort Ky. has become bankrupt, and it is said will soon be sold out: "stock and fluke." Who bids? Going! Going! The Louisville Democrat says: "The sale will certainly take place at no distant day. That is a fixed fact. The town is irretrievably in debt, and wholly unable to pay off little bills of a few thousand dollars, contracted years ago. From the Commonwealth we learn that its liabilities are about one hundred and twenty-four thousand dollars—something of a dip for a village of a few hundred political gamblers. Its assets consist of water works, gas works (?), the Capitol Hotel, and some stocks in turnpike roads! which cost the people some $240,000.

Joanna Austin, the "old apple woman," at the corner of State and Kilby streets, Boston, died on Friday, at her home, No. 52 Congress St. She had nearly $1500 deposited in Savings Banks, besides about $40 on hand. The discovery of her money was followed by the discovery of a number of relatives, who had hitherto been profoundly ignorant in regard to their consanguinity.

BANGOR LIGHT INFANTRY.—At a meeting of the Bangor Light Infantry, holden at their armory on Monday eve. 21st, Col. Israel R. Norcross presiding, Ich. D. Bartlett was chosen Captain, vice A. P. Bradbury resigned; George Varney 1st Lieut., vice H. B. Fogg resigned; Hermon Bartlett, 2d Lieut., vice D. Bartlett promoted; A. C. Smith, 3d Lieut., vice N. S. Harlow resigned.

The Wesleyan Conference, at its late sitting in London England, so altered their ecclesiastical regulations as to allow ministers to remain five years at one place, provided the Quarterly Conference of the Circuit make a yearly request to that effect after the second year.

A suit has been commenced at the St. Louis Common Pleas by Mrs. Mary A. Bland, widow, against Robert M. O'Blennis for damages sustained by the murder of her husband, which she lays at $20,000.

The proprietors of the Boston Theatre have voted to dispose of the Melodeon estate adjoining their establishment.

Farming.

To the Editor of the Whig and Courier

It is [illegible] ing in Maine is unprofitable. [illegible] might [illegible] me, he [illegible] charge [illegible] cessful [illegible] since [illegible] and hi [illegible] limits [illegible] acres [illegible] right [illegible] make [illegible] time [illegible] one of [illegible] most [illegible] usted [illegible] and Sit [illegible] scattered [illegible] stumps [illegible] whole [illegible] chard [illegible] right [illegible] prepared [illegible] ft., with [illegible] hill, [illegible] and finished [illegible] tic tie [illegible] of this [illegible] lar, cellar [illegible] side is [illegible] dropping [illegible] other side [illegible] bay.

The other building consist of an old house, a small barn, which we [illegible] on the land when it was [illegible] a boiling house and a shed. These barns were all [illegible] to their utmost capacity [illegible] crops of last season. In the piggery are found four or five families of pigs. In the barnyard were young cattle. In the sheepfold were the ewes with their fine looking lambs. The horses and oxen were in good order, and the appearance of thrift everywhere.

An [illegible] ring was found in one of the ravines on [illegible] ill, and advantage taken of it to supply the barn, and other buildings with fine spring water. Messrs. Fenno & Hale were applied to, and they very skillfully laid the pipes, and [illegible] notion a busy little worker is the source of a hydraulic ram, which forces the water up the hill through pipes, a distance of twelve hundred feet, into a large brick and cement cistern, from which it is drawn into a watering trough in the yard and into the boiling house. The [illegible] arrangement has worked to perfection through the winter, and the supply of water is abundant.

Col. Swan and his son have some advantages growing out of the butchering establishment of the son in the city, but they have not yet availed themselves of all their advantages, and still [illegible] are satisfied that farming in Bangor may be made pleasant and profitable. The speed with which they have made improvements, [illegible] required some capital, it is true, but it pays to do [illegible] smaller operations, if wisely and [illegible] pursued.

We have heard much said about the western States, their resources, and prosperity and all that. It is well to bear in mind that people in the West are human [illegible] being dull, and being such, will probably have their share of troubles and trials.

In the [illegible] there are abundant means of prosperity and [illegible] living the soil, and often enjoying the [illegible] action so dear to most persons, and [illegible] satisfaction of contributing to make the earth [illegible] and productive.

EX E.

A life [illegible] ed Trask, connected with one of the [illegible] schools at East Boston, died recently from [illegible] ss of exertion in jumping rope. [illegible] that she jumped about two hundred times without stopping. She was immediately after taken ill, and died the next day.

The [illegible] York Staats Demokrat is the title of a new [illegible] er in the German language, edited by [illegible] Hartmann, and published at No. 17 [illegible] New York. It advocates the [illegible] nation of Col. Fremont as a candidate for the [illegible] ency.

The [illegible] with which the seven copies of [illegible] peace are to be signed (one [illegible] contracting powers), is to be formally [illegible] to the Empress Eugenie.

Six [illegible] baptised on Sunday last in Kendus[illegible], by the pastor of the Methodist [illegible]

There [illegible] factory in operation at Yonkers, N. [illegible] employs 50 or 60 boys and girls, and [illegible] uses about 300 lbs. of silk per week.

So [illegible] The tidings of the Connecticut election [illegible] the Albany Journal into the following [illegible] strain:

"So [illegible] Republicanism is clearing off the dot[illegible] measure, as a Kansas backwoodsman [illegible] rough and rotten hickories off his farm. [illegible] one the old fellow drops each [illegible] and laborious blow but once down, [illegible] again. The axe was laid at [illegible] the start in Maine, and [illegible] in Iowa, when Dodge, [illegible] dodged. [illegible] Hampshire when Norris and [illegible] together. In Indiana, when [illegible] ground. In Illinois, when [illegible] Gen. S[illegible] out off for being in bad company. [illegible] Rhode Island gave James [illegible] and now Connecticut marks [illegible] fall. How many of these [illegible] er again be trusted with power to [illegible] Free States against freedom.

A FACT.—The Peoria (Ill) Republican evening states that at the late election [illegible] and many think one-half [illegible] in that section of the country [illegible] killed by the severe cold of the [illegible] ter. Many of the most valuable [illegible] pieces have been ruined, including [illegible] were previously supposed to be [illegible] hardy. Peach trees are very generally killed, and other fruit suffers immensely. The state of things will render fruit unusually [illegible] the ensuing season.

PARSNIPS FOR STOCK.—The Prairie Farmer says: "[illegible] excellent as food for horses, cattle and sheep. [illegible] is more nutritious than the carrot. [illegible] winter butter from the cows of Jerseys [illegible] fed on the parsnip, is almost as rich [illegible] as when they are fed on beets. [illegible] keep first well. If left in the ground [illegible] all winter; it will be good in the spring. [illegible] thirty per cent in potash. Would [illegible] make a good manure for it. It is more [illegible] and less liable to disease and to insects than the carrot. It may be sown, says the Albany Cultivator, in the fall."

A SLAVERY ORGAN IN NEW YORK CITY.—We copy from the Seen Union the following article, stating what is not yet generally known, that the slavebuilders have established a vile and unscrupulous organ in New York city, *for circulation at the North*. It has for its main object to convince free Americans, in the broad light of the nineteenth century, and amidst a humane and Christian civilization, that *human slavery is right, proper, and expedient*, and that we ought to go back to the ideas of the dark ages on that subject. The Union says:

A WICKED SHEET.—There is published in that plague spot of moral corruption, New York, a paper called "The Day Book," which in boldness of advocacy of wicked doctrines probably surpasses any newspaper in the civilized world. The "Satanic Herald" is vastly its superior in moral tone and in soundness of opinion, though perhaps it surpasses it in its views in less vulgar language than does the Herald. It unhesitatingly advocates and defends Southern Slavery in its multiplied forms of evil, and going a step beyond this, it declares that which the civilized world has agreed to denominate as PIRACY—THE AFRICAN SLAVE TRADE, *to be right*. This accursed trade in human sinews, with its damnable atrocities, its manifold murders, village burnings, its untold horrors of the "middle passage," and its enormity of other crimes, over which devils and fiends in human shape exult, according to this paper is perfectly proper, morally right, and its abolition it denounces as "a *vast imposture*." It is not necessary to speak of the arguments by which it defends its position. It is sufficient to say that there is no crime in the decalogue which is bold, bad villian may not publish and defend with some show of specious[illegible] to rob her later from the rich, and distribute to the poor; it is but a species of individual agrarianism—the murderer takes the life of a useless cumberer of the social community, it is only the sword of justice wielded by an individual, and so all crimes, however self evident, may be excused, and why should the "African Slave Trade" be any exception? A villian may defend it as well as any other crime.

As might be expected, this paper is a staunch supporter of President Pierce, the Kansas Nebraska Bill and kindred atrocities with their accompaniments. Indeed at the present time it is the leading Administration paper of the city. It has the confidence of the President's officials, who are exerting themselves in getting it an extensive circulation in all sections of the country, North as well as South. Like the Tribune, which it resembles in size, it is furnished to clubs for $1 per year, and as a campaign paper of the Pro Slavery stripe, it is getting, by the aid and countenance of the government officials, a large circulation. We have been told that clubs to take it have been got up in a number of places in our State, and even in our County and City. That such a paper can obtain support in any community where there are any pretensions to public morality, is a matter of surprise.

The following is an extract from one of its leading articles:

"It is a general belief in the Northern States that the Southern people condemn negro servitude and desire to get rid of it. We have answered many a man by saying that it was not so, but if it were, we did not care, for we knew that it was *right* if they did not."

SUPREME COURT—RECORD CONTINUED.—P. B. Mi[illegible], appellant, vs. Henry Warren. Appeal from decree of Judge of Probate on account of guardianship of defendant. Verdict for applt., for $423,93, being $133,33 more than allowed by Probate Judge. Wakefield for applt.; Peters and Rawson for defts.

Samuel W. Porter et. al., vs. G. L. Boynton et. al. On account for a quantity of logs. Verdict for plaintiffs for $15,85. Paine for plaintiffs; Peters for defendants.

Samuel Orcutt, vs. John S. Patten et. als. Trespass for breaking and entering tavern house of plaintiff and committing an assault on him. Defendants justified under warrant issued under the provisions of the "Maine Law" of 1851. Verdict for defendants. Briggs for plf.; Paine for defts.—*Jeffersonian.*

Supreme Judicial Court.

430. Veazie Bank vs. John Winn.
431. Same vs. same.
432. Same vs. same.

In the above cases, heretofore argued before the Court in banc, Cutting, J., 22nd, read the opinion of the Court, in each case, non-suiting the Plaintiff. The sums in suit amounted to $11,000. In two of the cases, the Court gave judgment for the defendant because the suits were brought against him as maker of a note on the last day of grace, without proof of demand on that day. In the third suit, the defendant was sought to be held as endorser of a check for $8,100. Notice of the non-payment was not given till three days after its presentment. The Court held that grace was not allowed on a check drawn on that bank, and therefore defendant could not be held. R. Kent for Plff.; Peters for Defts.—*Mercury.*

INTERESTING TO SHIPOWNERS. The following is a copy of the bill which has been introduced into the Senate of the United States by Senator Sumner, of this State, supplementary to "An Act to limit the liability of ship owners, and for other purposes," approved 3d of March, 1851.—Boston paper.

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That whenever any goods or merchandise shall be taken into possession by the owners or owners of any ship or vessel, or his or their agent, upon any contract of affreightment, to be transported in such ship or vessel, the provisions of the act of Congress, approved third of March, eighteen hundred and fifty-one, entitled 'An act to limit the liability of ship owners, and for other purposes,' shall be deemed and taken to apply to such goods and merchandise, from the time of their being so received into possession until their delivery to the consignee or consignees thereof at their port or place of destination, whether the loss or damage thereto by fire shall happen on board said ship or vessel or elsewhere."

THE GAINES CASE AGAIN. Mrs. Myra Clark Gaines has entered a suit in the U. S. Circuit Court at New Orleans, to recover from Mr. P. D. De la Croix, one of the executors of the will of Daniel Clark, her father, certain slaves, and their increase, or the value of the same, and the hire of them, with interest, which belonged, to her father's estate, and which De la Croix has held and disposed of for his own benefit. The entire sum of their value, increase, hire, &c., with interest, is stated at $1,100,000.

SUCCESSFUL SUBMARINE OPERATIONS.—The schooner Searsville, which arrived at New York on Saturday from Trinidad, was loaded principally with about ninety old iron guns and an anchor, which were recovered from the remains of Spanish men-of-war that were burnt in the Gulf of Paria, near the Port of Spain, in 1797, at a time when they were blockaded by the British fleet. These articles were recovered by the Submarine Diving Company of Boston.

The largest water wheel in the world is the Burden wheel, located in the vicinity of the Albany Nail Works. It has a power equal to one thousand horses, less than two thirds of the amount of which is required for propelling the heavy machinery of these mammoth works. Here is worked up annually 10,000 tons of iron into horse shoe nails, rivets, &c., in the different buildings into which the power is distributed.

Additional Foreign News by the Africa.

London, April 5.—The Baltic fleet no longer exists in official recognition. It was merged into the Home fleet yesterday, on which day Admirals Dundas and Bayne gave up their respective appellations of Commander-in-Chief, and second, in command, of the Baltic fleet. The Captain of said fleet, the Hon. F. T. Pelham, changed his position at the same time. The whole fleet, now at Portsmouth, is placed under the command of Admiral Seymour, the Port Admiral. Immediately after the review, it is rumored that 10,000 seamen will be discharged from the fleet. These will consist, for the most part, of the men drawn from the Coast Guard at the outset of the war, and such others as have served fully and longer than the usual term of commission. It is said that there will be a permanent Channel fleet of exercise and training, consisting of 12 sail of the line and adjuncts.

It may be confidently expected that the year 1857 will be far advanced before the last man and the last charge of shells can pass the Dardenelles, or their way homeward, nor can we think that any haste is necessary in completing the evacuation. The presence of the Western forces in the East is now only a question of months. The British Army is said to be provided with food and necessaries for nearly 12 months.

Paris, 3d.—The details connected with the Danubian Principalities, and the liberties of the Christian subjects of the Porte, are the points to be arranged in the renewed Conference. The Porte objects to any occupation of Turkey by the Allied forces, and it is possible that the point will be waived, if the powers are satisfied as to the safety and privileges of Christians.

If the return home of the Allied armies is performed leisurely, the feeling in official quarters is that a sufficient force will remain for many months to keep fanaticism in check.

It grows confirmed that the situation of Italy will form a subject of deliberation before the Conference dissolves.

St. Petersburg, April 2 By an imperial manifesto, Peace is proclaimed, the object of the war having been gained by the security acquired for the privileges of Christians in the East. It is added—A fresh frontier line for Hesserabia has been conceded.

[From the London Times' City article.] *April 4.*—The English funds remain without any material variation, but the tone of the market is firm. There was little inquiry for money, and loans were obtainable on government securities at 4½ a 6 per cent.

GREAT COUNTRY FOR A LAZY MAN!—Dr. McBean, in his lecture on Nicaragua, on Monday night, drew a picture of what could be done in that country by a man who was not disposed to waste much time in labor, and yet wished to live independent. The government gave him 250 acres of land, and the first necessity was a house. This want was quickly supplied by the placing of four posts uprightly in the ground, the spaces between which were filled with the common cane, which grew in abundance around, and then plastering with mud. The roof was then thatched with grass, and the house was thus completed. Little or no furniture was needed, a hammock answering all purposes of a bed and seat, and almost any kind of northern vessel would answer to sound it.

The next care was to plant about a dozen bananas or plantain trees, which needed no further care; about forty yards of land should be hilled and planted with yams, which if placed properly, would yield enormously. The common *frijole* and Lima beans would grow with the yams, as well as other vegetables, and the native fruits of the country were almost indigenous.

The plantains and yams would yield more than enough for the subsistence of an entire family, and game of every variety could be shot almost from the door of the house. The climate was such as to render little or no clothing absolutely necessary, and thus, with one month's labor a man can fix himself comfortably a year. Isn't that the country for a lazy man?—*N. O. Picayune.*

SINGULAR DEATH IN THE CARS. On board the train of cars which left Philadelphia for Pittsburg on Wednesday night last, one of the passengers, James F. Williams, of New Brunswick, New Jersey, came to his death in the following very strange manner. His wife was sleeping beside him, and his son, a small boy, on the seat in front of him. When about two hours out from Philadelphia, it was observed that his head hung down outside of one of the windows of the car in which he was seated, and on being pulled inside he was found insensible, and apparently dying, the blood flowing profusely from a severe contusion or wound on the head. At the next station he was taken off the car, and soon expired. His wife was in the deepest agony of mind, and telegraphed her relatives in New Brunswick to come to her relief.

The deceased, with his wife and child, was on his way Chicago, on a visit to his wife's father. The supposition is that the wound was inflicted on passing a water tank, or some cars standing on the other track. It is another admonition that passengers should observe the advice painted on the doors of the cars, to avoid putting their heads or arms out of the window.—*Exchange.*

FIRE.—A two story dwelling house in Milltown, known as the E. Murphy house caught fire on the 15th., and was entirely destroyed. It was occupied by some three or four families, most of whom lost nearly all they possessed in the matter of furniture clothing &c.

The loss is estimated at about $2000.

CAUTION.

ON the 8th inst. Rufus Prince assigned to me all his accounts for value of dep[illegible] from Feb. 12th, 1856, to the 8th inst., and also some debt for pew rent in the Baptist Church, to secure a debt which he owed me. This is to caution all persons against paying any of said accounts during the dates specified to any one but the subscriber—as several have been collected improperly.

Important Notice.

GARDNER CHILSON has just completed & obtained patent in America England and France for a new invention, the "CONE" FURNACE and calls the special attention of those about erecting or remodelling buildings, as well as dealers in Hot Air, Steam, or Hot Water Furnaces, and all interested in steam power, to carefully examine this invention, which entirely CHANGES the PRINCIPLE and CHARACTER of HOT AIR FURNACES—*Employing smaller heat and volume pumple*, and obviating all former objections to their use The practical operation of a number of these Furnaces, erected during this past winter, points out a new discovery in science by which the most wonderful economy in fuel has been attained and clearly demonstrated that the waste heat lost from chimneys is enough to warm every dwelling in the city. By this invention the heat formerly lost is made to warm the house,

This discovery—so simple in itself—is the daily wonder of those who witness its results, and it be comes a matter of surprise that a plan at once so simple and practical in its operation should thus far have entirely escaped the notice of scientific men We believe that no one who may investigate this principle will be little to use a Furnace constructed on any other principle and we would invite all who would witness its operation to call at the store of CHILSON, GOULD & CO,

Nos. 99 & 100 Blackstone street

California Steamers,

Carrying the United States Mail.

5th and 20th of each Month.

Reduced Prices. 100 lbs. Baggage Free.

Through Tickets, including transit of the Isthmus, via Panama R. R.

By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense.* This is the *only* line giving entire Through Tickets, including *meals*, on the Isthmus.

Transit made in *four hours, entirely by daylight*, thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation, over rocks and shoals.

Arrangements have been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a *sure* and *short* passage, without any detention on the Isthmus.

☞ *Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama*, and Tickets thus signed can be obtained of the *only authorized Agent* for the Atlantic and Pacific Mail Steamship Companies, in this city.

ARNOLD'S COMBINED FOOT-STOVE, LANTERN, AND NURSE LAMP.

ALBERT NOYES has purchased the exclusive right for making and vending the above valuable invention to the public.

As a FOOT STOVE it offers an excellent article for the purpose, as it can be heated in less than one minute to warm the coldest winter weather, and is indispensable article in every family.

As a LANTERN, it is a perfect protection from every wind, and is less likely to blow out than any other, and can be used as a dark lantern.

As a NURSE LAMP, it is of great advantage in the sick room, where it is desirable to have drinks or medicines warm, beside giving a good light for cooking in small quantities. For making tea, for the sick, it will be found very convenient, as a quart of water can be boiled in this iron heat in the same time as a pint over the fire. In fact, the various purposes to which this apparatus can be put may be readily conjectured by every one. No further description is required, as no one can misunderstand the general utility of its adaptability to all purposes. Words would be telling what is already self-evident themselves.

For sale, wholesale and retail, at No. 15, 17 and 19 Central street, Bangor.

HELMBOLD'S GENUINE PREPARATIONS.

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Buchu.

IS A CERTAIN, SAFE, AND EFFECTUAL REMEDY

For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Secret Diseases, Obstructions, Female Complaints,

and all Diseases of the Sexual Organs, whether in MALE OR FEMALE,

from whatever cause they may have originated, and

No Matter of How Long Standing,

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints, however long they may have existed, or how much they may have baffled the skill of physicians. It searches out the very roots of the diseases, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure

Certain and Permanent.

This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands upon thousands from the hands of

Meddling Quacks,

if not from premature graves. In cases of infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing a

SAFE CURES.

It contains no narcotic, mercury, or other injurious drug, but is a purely VEGETABLE COMPOUND. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them,

Delays are Dangerous.

With this medicine you can cure yourself, and thus prevent all exposure.

Truth must and will prevail.

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the patient to a perfect state of *Health and Purity.*—And as a medicine which must benefit everybody, from the simply delicate to the confined and declining invalid, no equal is to be found, it acting both as a *Cure and a Preventive* of any of the above ailments.

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Sarsaparilla,

—FOR—

Purifying the Blood, removing all diseases arising from Excess of Mercury, exposure and imprudence in life, Impurities of the Blood, and the many unpleasant and painful complaints arising from an impure state of the Blood, and is the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Ulcers, Pimples on the Face, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given the patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed; whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different menstrua in successive operations to take up the extractive matters, and, in consequence, are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskillful management of those unacquainted with pharmaceutical preparations; It is, therefore, of the highest consideration and importance to the public, and to the faculty, that there should be standard preparations of uniform strength and possessing the most extraordinary virtues. To effect this, and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be, made from a highly concentrated form, and are the most active preparations which can be made. Two tablespoonsfulls of the Extract Sarsaparilla added to a pint of water is equal to the Decoction, and one bottle fully equals in strength one gallon of Syrup Sarsaparilla or decoction, as usually made.

PRICES—

Fluid Extract Buchu, $1 per bottle, or 6 for $5

LET US REASON TOGETHER

HOLLOWAY'S PILLS.

WHY ARE WE SICK?

IT has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to relief of the WEAK, the NERVOUS and the INFIRM, of all ages, sexes and constitutions. Holloway personally superintends the manufacture of his medicines in the United States, and offers to the free and enlightened people as the best medicine the world ever saw for the removal of disease.

These Pills Purify the Blood.

These famous Pills operate on the stomach, the liver, the kidneys, the lungs, the skin and the bowels, correcting any derangement in these functions, and purifying the blood, the very fountain of life. Every disease to which the human frame is subject, from a common headache to a confirmed scrofula, will be found to yield to the influence of these Pills.

Dyspepsia & Liver Complaint.

Nearly half the human race have these complaints, and Holloway's Pills. It has been proved beyond question, by the experience of millions in all parts of the world, that nothing has been discovered equal to them for the cure of disorders of the liver, digestive organs, and all stomach complaints generally. They strengthen and invigorate the system, however much deranged, and restore it to healthy tone to these organs, however much deranged. Let no one despair when all other means have failed.

General Debility. Ill Health.

Many of the most eminent Governments of Europe have appointed their Custom Houses to the introduction of these Pills, that the most valuable medicine can become the means of the masses. Learned Colleges declare that this medicine is the best remedy ever known, for persons of delicate health or whose digestive system has been impaired, as an invigorating properties never fail to afford relief.

Female Complaints.

No Female, young or old should be without this celebrated medicine. It corrects and regulates the monthly courses, as if by magic, and in all cases where a change of life is about to take place, this medicine can be safely relied on to prepare the system for and for any complaint incidental to females, it should be without it.

Holloway's Pills are the best remedy known in the world for the following Diseases.

Asthma	Dropsy	Inward Weakness
Bowel Complaints	Debility	Lumbago
Coughs	Erysipelas	Liver Complaint
Colds	Female Complaints	Stone and Gravel
Chest Diseases	Headaches	Secondary Symptoms
Constipation	Inflammation	Tic Doloureux
Dysentery	Influenza	Ulcers
Diarrhœa	Jaundice	Worms of all kinds
Fevers	Indigestion	Weakness, from any cause

☞ Sold at the Manufactories of Professor Holloway, 80 Maiden Lane, New York, and 244 Strand, London, and by all respectable Druggists and Dealers of Medicines throughout the United States, and the civilized world, in boxes, at 25 cents, 624 cents, and $1 each.

☞ There is a considerable saving in taking the larger sizes.

The Great European Cough Remedy.

Important to the Consumptive and the Public generally.

Universal Cough Mixture

IS a safe and effectual Remedy for Coughs of every description, whether of recent or long standing in adults, of recent or long standing

PREPARED ONLY BY

REV. WALTER CLARKE

Sole Proprietor, Cornishville, Maine.

Within the last twelve months thousands of bottles of the Universal Cough Mixture have been sold in the State of Maine alone, and everywhere its extraordinary power is freshening and curing cases of the Chest and Lungs, is gratifying knowledge, and especially in cases of most severe and long standing Coughs, it speedily allays the unpleasant sensation in the throat which excites coughing, it promotes free and ease expectoration, and by removing the exciting cause of irritation it frequently enables those sufferers to enjoy a sound and refreshing sleep, who for weeks had been deprived of that blessing.

☞ Sold in retail bottles, 25 cents each, large bottles, each containing the quantity of two ordinary ones, 75 cents each.

Extract of a letter from Daniel [illegible], Bowdoinham, Maine.

To Rev. Walter Clark. Dear Sir—I have a child of Mr. Milton Bailey's bought of you some of your Cough Mixture which proved very beneficial in its effect upon my child's cough for two years—that bottle entirely cured it.

From Rev. Jesse Hoyt, Livermore Falls.

Rev. Dear Sir—Every bottle of the Universal Cough Mixture which you left with me has given entire satisfaction in every case to which it has been applied. I am perfectly satisfied with the success of your Cough Mixture. A cough of long standing, attended with pain in the breast and shortness of breath, has for months prevented me from business, pain has been entirely removed, and I have had taken up that cough and shortness of breath. I believe it to be the best Cough Mixture in the world, and cannot be without it.

From Mr. Fletcher Ch[illegible] of Jay, Androscoggin Co.

Dear Sir—A number of the most extraordinary cures have been effected by your Universal Cough Mixture in this place, several of which have come under my own notice, and others who have been cured by it have called on me expressing any benefit, have recommended your Universal Cough Mixture.

From Mrs. Hubbard, Livermore Falls.

To Rev. Walter Clark. Dear Sir—I have used one bottle of your Universal Cough Mixture, and have a distressing cough and pain in my breast, which I had previously taken several bottles of other medicines without relief, but am happy to say your Cough Mixture has recommended to me. I have used a little more than one bottle according to directions, and in the space of a few days I was entirely cured.
